Norfolk Broads	*	*	*	*	*	*	*

Learning objective: Students will have experienced and be able to recognise management strategies found on the Norfolk Broads.

Description: The Norfolk Broads designated a National Park in 1988, attracts over 1 million visits per year. This provides a unique setting to investigate the implications of Ecosystem Management. It specifically looks at Hickling broad a wetland site of international importance and its surrounding area, to review the Conflicts between the different user groups for a limited resource.

AIMS	FIELDWORK	ICT
